

JAPAN'S NEW RULER IN SECLUSION AS HIS REIGN BEGINS

Yoshihito Sees Few but Ministers—Busy With State Ceremonies.

TOKYO, Japan, July 30.—The great state ceremonies in connection with the change in the rulership of the Japanese Empire caused by the death early yesterday morning of Mutsuhito and the accession to the throne of his son Yoshihito were continued today. (Wednesday.)

The announcement was made at an early hour of the name under which the new era is to be known. The era changes with every reign and an official decree says the new designation is to be Taisai in place of Meiji, as it was during the reign of Mutsuhito.

Calm reigns throughout the empire today and the nation for the moment appears completely overcome with sorrow. All the people have put on signs of mourning and all festivities and public functions have been stopped.

In the mean time the great state functions, including the Cabinet Ministers, the Privy Councilors and the leading nobles confer almost continuously at the Imperial palace, where they are making arrangements for the funeral and for the coronation of the official mourning and lying in state.

It is expected that a special session of Parliament will be called and that all the members of the Cabinet will offer their resignations, as is customary when a change of ruler occurs.

The new Emperor and Empress, as well as the Dowager Empress, remain in virtual seclusion from the public, the

only persons permitted to see them being the high functionaries of state.

NEW MIKADO THANKS TAFT FOR SYMPATHY.

WASHINGTON, July 30.—President Taft, accompanied by his aide, Major T. L. Rhodes, called at the Japanese Embassy today and expressed in person to Ambassador Chinda his deep regret at the death of Emperor Mutsuhito.

The President today received the following cable message from Yoshihito, the new Emperor of Japan:

"I am deeply touched by your sympathetic message and offer you my sincere thanks."

From the Empress Dowager, Haruko, the President received this message: "I am deeply touched by your kind message. Pray accept my sincere thanks for the heartfelt sympathy so cordially expressed by you and Mrs. Taft on this sorrowful occasion."

BOBBY'S UNDERSTANDING.

(From the Chicago Tribune.)
Teacher: Bobby, what do you understand by the term "circulating medium?"

Bobby: It's one that goes from house to house, dahn' spirit rappin' stunts, ma'am.

The Value of Proprietary Medicines

is proved by the very large percentage of physicians' prescriptions for same remedies found in every drug store in America, but, as they are written in Latin, few patients realize this fact.

The old standard proprietary medicines like Lydia E. Pinkham's Vegetable Compound, that has stood the test of time, deserve a place in every family medicine chest, and it is most certain they would not be prescribed by physicians if they were able to devise a formula equally as efficacious.

MEN AND WOMEN FLEE FOR LIVES FROM FIRE IN YONKERS CLUB

Thirty Escape in Night Clothing as Dunwoodie Country Club Is Burned.

Thirty members of the exclusive Dunwoodie Country Club of Yonkers had a

narrow escape from death in a fire which partially destroyed the club house about 9 o'clock this morning. Men and women, late sleepers, were forced to flee through the flames in their night clothing, taking refuge on the golf links until other garments could be secured for them. Several persons were painfully burned.

The Yonkers firemen had great difficulty in getting at the flames, the nearest hydrant being located on Yonkers avenue, 1,000 feet away from the club house.

The fire, which started in the basement, spread with great rapidity, leaving practically only the walls of the building.

A LENGTHY LIST.
Mrs. J. C. (with newspaper).—Here's an interesting list of things a penny will do.

Radway's Pills

It is nearly half a column long. Mr. J. C.—Humph! You ought to see a list of the things a penny won't do.

of all diseases of the stomach, liver, bowels, kidneys, bladder, nervous system, loss of appetite, headache, constipation, indigestion, fever, inflammation of the bowels, piles and all other ailments of the internal viscera. PERFECT CURE. It is accomplished by taking RADWAY'S PILLS. By so doing.

DYSPEPSIA Sick Headache, Flat Stomach, Bloating will be avoided and the food that is eaten contributes its nourishing properties for the support of the natural vigor of the body.

25 cents a box. At druggists or by mail. RADWAY & CO., New York.

Health and Beauty Answers

BY MISS MAE MARTIN

Maude W.: The usual "strange" condition of your hair is due to the use of soap and liquid shampoo containing "free" alkali. You can quickly correct this condition by shampooing with "acid" shampoo, of which dissolved in a cup of water is ample for a thorough shampoo. The carbonic mixture thoroughly cleanses dust and dirt and neutralizes excess oil. It is a simple matter to wash your hair and scalp wonderfully clean and soot, and the hair grows quickly with an even, rich color. Nothing equals carbonic for restoring the brilliancy and silky fluidity to the hair.

Gertrude B.: I know of nothing better to protect the complexion during summer than a plain spumous lotion. This is done by stirring 2 teaspoonfuls of quinine into ½ pint with hazel for hot water, then adding 4 ounces spumax. This is invariable when on and imparts a delightful tint to the skin. You will find the spumous lotion for beautifying tan, freckles, eruptions of the skin and other complexion disfigurements. The spumous lotion will not spot nor perspire, and is as effective as the need of powder or rouge.

Mayme L.: The dust-laden air of summer is harmful to the eyes and to such the smart and to restore the youthful sparkle you should use 2 or 3 drops of a quinine tonic in each eye daily. This harmless quinine eye tonic is made by dissolving an ounce of quinine in a pint of clear water. This is fine for granulated lids and to take out conjunctivitis and inflammation. Its use is a great benefit to the eyes and often it cures the necessity of wearing glasses.

A. B. C.: No vaseline will not stop the hair from falling out. Shampoo with castile, leave answer to Maude W. and use this quinine tonic. To ½ pint alcohol add 1 ounce quinine, then ½ pint water. Rub a little well into the scalp frequently and the hair will stop falling out. Nothing equals the quinine tonic to stop itching and correct scalp and hair troubles. The regular use of this quinine hair tonic will induce an abundance of silky, shiny hair.

Clara S.: An oily skin is the result of powder-clogged pores. Blot out powder, rouge and greasy cream, and use this plain alcohol tonic to dry the skin. Your skin will grow clear, smooth and healthy. No vigorous exercise and no hot water, then add 1 ounce alcohol. After this is dissolved apply generously and rub in well. Pinpoints and blackheads yield to this simple treatment and fine lines and hollows vanish as if by magic. You will find a quinine tonic is essential to use in conjunction. For recipe, see answer to Gertrude B.

Melba M.: Liver spots and pimples indicate impure blood, and you should take a quinine tonic to expel this poisonous matter. You can prepare this tonic at home by adding 1 ounce quinine to ½ pint alcohol, then ½ cup water. Take a tablespoonful before each meal and your blood will soon be pure and rich. This quinine tonic is indispensable for a body-builder and strength-giver, making it frequent a great doctor's ally.

B. C.: Try psoriasis for thin eyebrows. Rubbing it on with finger and make them come in thick and beautiful. Your eyebrows will grow long and thick if you apply psoriasis at last. You will find it frequent and though you get any psoriasis where no hair is wanted.

Mrs. H.: Make a paste with a little powdered detanite and water to cover the hair and wash it off. Rub 2 or 3 times, then rub off with the skin. The detanite treatment is harmless and seldom requires repeating, except in aggravated cases.—Adv.
